@Prof. Alam: how big is the error we make by assuming that albedo is equal for all wavelengths?

Anonymous 0 15

Hanwha/Qcells is not marketing bifacial panels. Why not?

anon1010 0 15

All manufacturers: Will you guarantee PAN files (light/temperature/incidence angle dependencies) for 25 years? Not just STC power.

Anonymous 0 13

DC/AC ratios have already reached 1.3-1.45 due to low module price and accordingly lower BOS cost. When does it make sense to bifacial considering clipping loss

Anonymous 0 13

@Soltec: Has anyone done an economic study of tracker height comparing production gains vs additional construction costs?
